Beyond Neoliberalism Marian Burchardt 2017-02-20 This book explores how changes that occurred around 1989 shaped the study of the social sciences, and scrutinizes the impact of the paradigm of neoliberalism in different disciplinary fields. The contributors examine the ways in which capitalism has transmuted into a seemingly unquestionable, triumphant framework that globally articulates economics with epistemology and social ontology. The volume also investigates how new narratives of capitalism are being developed by social scientists in order to better understand capitalism's ramifications in various domains of knowledge. At its heart, *Beyond Neoliberalism* seeks to unpack and disaggregate neoliberalism, and to take readers beyond the analytical limitations that a traditional framework of neoliberalism entails. This book is a result of discussions at and support from the Irmgard Coninx Foundation.

Tempted Elisabeth Naughton 2019-07-09 DEMETRIUS – He's the hulking, brooding warrior his fellow Guardians avoid. Too dark. Too damaged. And given his heritage, he knows it's best to keep everyone at arm's length. Isadora is missing. The words pound through his head like a frantic drumbeat. Enraptured Elisabeth Naughton 2019-07-21 ORPHEUS – To most he's an enigma, a devil-may-care rogue who does whatever he pleases whenever he wants. Now this

loose cannon is part of the Eternal Guardians—elite warriors assigned to protect the human realm—whether he likes it or not. Orpheus has but one goal: to locate a magical medallion with supernatural powers. He's just not expecting a woman to get in the way, especially not a Siren as gorgeous as Skyla. Unable to resist her, the two become unlikely allies. He simply has no idea she's an assassin sent to seduce, entrap, then ultimately destroy him. Yet Skyla herself might have the most to lose. There's a reason Orpheus feels so familiar, a reason her body seems to crave him. Perhaps he's not the man everyone thinks... Then again... maybe he's exactly that man. The truth could reveal a deadly secret as old as the Eternal Guardians themselves. *** All books in the Eternal Guardians series can be read in order or as stand-alones: MARKED - Book 1 ENTWINED - Book 2 TEMPTED - Book 3 ENRAPTURED - Book 4 ENSLAVED - Book 5 BOUND - Book 6 TWISTED - Book 7 RAVAGED - Novella, Book 7.5 AWAKENED - Book 8 UNCHAINED - Novella, Book 8.25 HUNTED - Novella, Book 8.5 ENSNARED - Novella, Book 8.75 and coming soon... The Century Alain Badiou 2018-05-18 Everywhere, the twentieth century has been judged and condemned: the century of totalitarian terror, of utopian and criminal ideologies, of empty illusions, of genocides, of false avant-gardes, of democratic realism everywhere replaced by abstraction. It is not Badiou's wish to plead for an accused that is perfectly capable of defending itself without the author's aid.

Nor does he seek to proclaim, like Frantz, the hero of Sartre's Prisoners of Altona, 'I have taken the century on my shoulders and I have said: I will answer for it!' The Century simply aims to examine what this accursed century, from within its own unfolding, said that it was. Badiou's proposal is to reopen the dossier on the century - not from the angle of those wise and sated judges we too often claim to be, but from the standpoint of the century itself.

The Revolutionary Writings of Alexander Hamilton Alexander Hamilton 2008 Alexander Hamilton's thought has, for over two hundred years, been noted for its deviations from American revolutionary Whig orthodoxy. From a conventional Whig at the beginning of his career, Hamilton developed a Federalist viewpoint that liberty depended above all on the creation of a powerful central government. In this collection, we find the seeds of this development, as Hamilton's early optimistic confidence in the triumph of American Whig principles begin to give way, under the influence of his experience during the Revolution, to his mature Federalism.

The Postnormal Times Reader Ziauddin Sardar 2019-01-01 <p>We live in a period of accelerating change. New trends, technologies and crisis emerge rapidly and transform familiar social and political landscapes. Established and cherished ideals, with deep historical roots, can be overturned overnight. Unconventional and uncommon notions and events can appear as though from nowhere, proliferate, and become dominant. The last few years alone have witnessed the emergence of populism and the far right in Europe and the US, Brexit, cracks in the European Union, cyber wars accompanied by the re-emergence of a cold war. China as an increasingly dominant new superpower. Pandemics like the Ebola and Zika viruses. Climate change leading to extreme weather events. Driverless cars. AI. 'Fake News'. 'Alternative Facts'. 'Post-Truth'. 'Disruptive technologies' that disrupt and often corrupt everything. Everything seems to be in a state of flux, nothing can be trusted. All that we regard as normal is melting away right before us.</p><p>
</p><p>The postnormal times theory attempts to make sense of a rapidly changing world, where uncertainty is the dominant theme and ignorance has become a valuable commodity. The Postnormal Times Reader is a pioneering anthology of writings on the contradictory, complex and chaotic nature of our era. It covers the origins, theory and methods of postnormal times; and examines a host of issues, ranging from climate change, governance, Middle East to religion and science, from the perspective of postnormal times. By mapping some of the key local and global issues of our transitional age, the Reader suggests a way of navigating our turbulent futures.</p>

Sacred Worlds Chris Park 2002-11-01 This book, the first in the field for two decades, looks at the relationships between geography and religion. It represents a synthesis of research by geographers of many countries, mainly since the 1960s. No previous book has tackled this emerging field from such a broad, interdisciplinary perspective, and never before have such a variety of detailed case studies been pulled together in so comparative or illuminating a way. Examples and case studies have been drawn from all the major world religions and from all continents from both a historical and contemporary perspective. Major themes covered in the book include the distribution of religion and the processes by which religion and religious ideas spread through space and time. Some of the important links between religion and population are also explored. A great deal of attention is focused on the visible manifestations of religion on the cultural landscape, including landscapes of worship and of death, and the whole field of sacred space and religious pilgrimage.

Arrested Welcome Irina Aristarkhova 2020-06-09 Interpreting the meaning of hospitality in an unwelcoming political moment Amid xenophobic challenges to America's core value of welcoming the tired and the poor, Irina Aristarkhova calls for new forms of hospitality in her engagement with the works of eight international artists. In this first monograph on hospitality in contemporary art, Aristarkhova employs a feminist perspective to critically explore the artworks of Ana Prvacki, Faith Wilding, Lee Mingwei, Kathy High, Mithu Sen, Pippa Bacca, Silvia Moro, and Ken Aptekar and ask who, how, and what determines who is worthy of our welcome. Spanning a diverse range of contemporary art practices, *Arrested Welcome* shows how artists challenge our existing notions of hospitality--culturally, philosophically, and politically. From the role of "microcourtesies" in social change to the portrayal of waiting as a feminist endeavor, Aristarkhova looks deeply into topics such as gender stereotypes of welcome, ways to reclaim civility, and the means by which guests (sometimes human, sometimes animal) push the limits of our hosting traditions. Blending a feminist analysis of hospitality with in-depth case studies on how contemporary artists stimulate personal reflection and political engagement, Aristarkhova initiates these important conversations at a critical time of national and international hospitality crises.
