

Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy Kser Marcus

Getting the books **Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy kser Marcus** now is not type of inspiring means. You could not forlorn going later books stock or library or borrowing from your friends to right to use them. This is an no question easy means to specifically get guide by on-line. This online statement Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy kser Marcus can be one of the options to accompany you past having other time.

It will not waste your time. take me, the e-book will no question melody you extra event to read. Just invest little era to open this on-line pronouncement **Jerusalem 1913 The Origins Of Arab Israeli Conflict Amy kser Marcus** as skillfully as evaluation them wherever you are now.

The Oxford Handbook of Israeli Politics and Society Professor and Chair of Political Science Reuven Y Hazan 2021-02-15 "Few countries receive as much attention as Israel and are at the same time as misunderstood. The Oxford Handbook of Israeli Politics and Society brings together leading Israeli and international figures to offer the most wide-ranging treatment available of an intriguing country. It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics, recognizing that in many ways Israel is not unique, but rather a test case of democracy in deeply divided societies and states engaged in intense conflict. The handbook presents an overview of the historical development of Israeli democracy through chapters examining the country's history, contemporary society, political institutions, international relations, and most pressing political issues. It outlines the most relevant developments over time while not shying away from the strife both in and around Israel. It presents opposed narratives in full force, enabling readers to make their own judgments"--

Sephardi Entrepreneurs in Jerusalem Glass. Joseph B. 2007 Here is the fascinating story of one of Jerusalem's founding families. The Valeros established the first private bank in Israel. They owned considerable real estate in Jerusalem and its environs, as well as properties throughout the country, many of which they donated for the public's needs. Members of the elite Jerusalem Sephardic community, which peaked in the beginning of the twentieth century, the Valeros were extremely active in public life. The book also serves as a cultural study of the life of a family from the higher echelons of Jerusalem in the nineteenth and the first half of the twentieth centuries.

"Not by Might, Nor by Power" Moshe Menuhin 2017-03-07 With a new introduction by Adi Ophir: An early and fierce critique of Zionism from a Jewish child of Palestine who argued against nationalism and injustice. Born in 1893, Moshe Menuhin was part of the inaugural class to attend the first Zionist high school in Palestine, the Herzliya gymnasium in Tel Aviv. He had grown up in a Hasidic home, but eventually rejected orthodoxy while remaining dedicated to Judaism. As a witness to the evolution of Israel, Menuhin grew disaffected with what he saw as a betrayal of the Jews' spiritual principles. This memoir, written in 1965, is considered the first revisionist history of Zionism. A groundbreaking document, it discusses the treatment of the Palestinians, the effects of the Holocaust, the exploitation of the Mizrahi Jewish immigrants, and the use of propaganda to win over public opinion in America and among American Jews. In a postscript added after the Six-Day War, Menuhin also addresses the question of occupation. This new edition is updated with an introduction by Israeli philosopher Adi Ophir, putting Menuhin's work into a contemporary historical context. Passionate and sometimes inflammatory in its prose, and met with controversy and anger upon its original publication under the title *The Decadence of Judaism in Our Time*, Menuhin's polemic remains both a thought-provoking reassessment of Zionist history and a fascinating look at one observer's experience of this embattled corner of the world over the course of several tumultuous decades. *Futile Diplomacy: Operation Alpha and the failure of Anglo-American coercive diplomacy in the Arab-Israeli conflict, 1954-1956* Neil Caplan 1983 These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical-historical chapters and a selection of primary documents from archival sources ...

Jerusalem 1913 Amy Dockser Marcus 2007 The Pulitzer Prize-winning journalist author of *The View from Nebo* examines the formation of the Arab-Israeli conflict, demonstrating that it began earlier than popularly believed while discussing the role played by Zionism, Arab nationalism, and World War I.

The Legal Foundation and Borders of Israel Under International Law Howard Grief 2008 "The Legal Foundation and Borders of Israel under International Law" offers a comprehensive and systematic legal treatment of Jewish national and political rights to all of the Land of Israel. The author, Howard Grief, is the originator of the thesis that de jure sovereignty over the entire Land of Israel and Palestine was vested in the Jewish People as a result of the San Remo Resolution adopted at the San Remo Peace Conference on April 24, 1920. Yuval Ne'eman, a former Israeli government minister said: "For about 400 years, the Ottoman Empire ruled over all the Balkans, the Middle East and North Africa. The struggle for the liberation of those areas began in the Balkan lands at the beginning of the 19th century and ended in 1913. In the First World War, the job [of liberation] was completed and Turkey was reduced to the Anatolian Peninsula. All of this was contained in the San Remo Agreement of April 1920. The fact that it was precisely at that place and time that Iraq, Syria, Lebanon and the states of the Arabian Peninsula obtained [thanks to the victory of the Principal Allied Powers over the Central Powers] the very same liberation from the Ottoman yoke, strengthens the approach of Grief who presents the proof for the inclusion of Palestine [i.e., the Jewish People] in the list of beneficiaries in regard to the "settlement [or disposition] of the inheritance of the Ottoman Empire." Dr. Ya'akov Meron, former Adviser on the Law of Arab Countries at the Ministry of Justice, Jerusalem, Israel and Professor of Moslem Law in the Faculties of Law of Jerusalem and Tel-Aviv wrote: "The Legal Foundation and Borders of Israel under International Law" is a forceful and erudite pleading for the respecting of the letter and spirit of the law, not only Israeli law but also the international law that came into existence in the wake of World War I. This law, now largely forgotten or neglected, is still relevant today in regard to the status and borders of the Land of Israel. The author makes a thorough analysis of the international documents which recognized the rights of the Jewish People to the land of their ancestors, most significantly the San Remo Resolution on Palestine, agreed to by the victorious Allies at the Peace Conference of April 1920.

The Origins of Israel, 1882-1948 Eran Kaplan 2011-12-01 In 1880 the Jewish community in Palestine encompassed some 20,000 Orthodox Jews; within sixty-five years it was transformed into a secular proto-state with well-developed political, military, and economic institutions, a vigorous Hebrew-language culture, and some 600,000 inhabitants. *The Origins of Israel, 1882-1948: A Documentary History* chronicles the making of modern Israel before statehood, providing in English the texts of original sources (many translated from Hebrew and other languages) accompanied by extensive introductions and commentaries from the volume editors. This sourcebook assembles a diverse array of 62 documents, many of them unabridged, to convey the ferment, dissent, energy, and anxiety that permeated the Zionist project from its inception to the creation of the modern nation of Israel. Focusing primarily on social, economic, and cultural history rather than Zionist thought and diplomacy, the texts are organized in themed chapters. They present the views of Zionists from many political and religious camps, factory workers, farm women, militants, intellectuals promoting the Hebrew language and arts—as well as views of ultra-Orthodox anti-Zionists. The volume includes important unabridged documents from the origins of the Arab-Israeli conflict that are often cited but are rarely read in full. The editors, Eran Kaplan and Derek J. Penslar, provide both primary texts and informative notes and commentary, giving readers the opportunity to encounter voices from history and make judgments for themselves about matters of world-historical significance. Best Special Interest Books, selected by the Public Library Reviewers Best Books for General Audiences, selected by the American Association of School Librarians

Israel Daniel Gordis 2016-10-18 Winner of the Jewish Book of the Year Award The first comprehensive yet accessible history of the state of Israel from its inception to present day, from Daniel Gordis, "one of the most respected Israel analysts" (The Forward) living and writing in Jerusalem. Israel is a tiny state, and yet it has captured the world's attention, aroused its imagination, and lately, been the object of its opprobrium. Why does such a small country speak to so many global concerns? More pressingly: Why does Israel make the decisions it does? And what lies in its future? We cannot answer these questions until we understand Israel's people and the questions and conflicts, the hopes and desires, that have animated their conversations and actions. Though Israel's history is rife with conflict, these conflicts do not fully communicate the spirit of Israel and its people: they give short shrift to the dream that gave birth to the state,

and to the vision for the Jewish people that was at its core. Guiding us through the milestones of Israeli history, Gordis relays the drama of the Jewish people's story and the creation of the state. Clear-eyed and erudite, he illustrates how Israel became a cultural, economic and military powerhouse—but also explains where Israel made grave mistakes and traces the long history of Israel's deepening isolation. With Israel, public intellectual Daniel Gordis offers us a brief but thorough account of the cultural, economic, and political history of this complex nation, from its beginnings to the present. Accessible, levelheaded, and rigorous, Israel sheds light on the Israel's past so we can understand its future. The result is a vivid portrait of a people, and a nation, reborn. Politics and Government in Israel Gregory S. Mahler 2016-03-03 This balanced and comprehensive text explores Israeli government and politics, tracing the history of the state, and the social, religious, economic, and military environments of Israeli politics. Gregory Mahler's concise book provides an invaluable start for readers needing an introduction to Israel today.

On Saudi Arabia Karen Elliott House 2013 A Pulitzer Prize-winning journalist from The Wall Street Journal draws on three decades of firsthand experience to profile the Saudi Arabia of today, offering insight into its leaders, citizens, cultural complexities and international prospects.

What Ifs of Jewish History Gavriel D. Rosenfeld 2016-08-31 Counterfactual history of the Jewish past inviting readers to explore how the course of Jewish history might have been different.

The Israel-Palestine Conflict James L. Gelvin 2021-03-11 The fourth edition of this award-winning account of the conflict between Israel and Palestine for students and general readers.

I Shall Not Hate Izzeldin Abuelaish 2011-02-07 Heart-breaking, hopeful and horrifying, I Shall Not Hate is a Palestinian doctor's inspiring account of his extraordinary life, growing up in poverty but determined to treat his patients in Gaza and Israel regardless of their ethnic origin. A London University- and Harvard-trained Palestinian doctor who was born and raised in the Jabalia refugee camp in the Gaza Strip and 'who has devoted his life to medicine and reconciliation between Israelis and Palestinians' (New York Times), Abuelaish is an infertility specialist who lives in Gaza but works in Israel. On the strip of land he calls home (where 1.5 million Gazan refugees are crammed into a few square miles) the Gaza doctor has been crossing the lines in the sand that divide Israelis and Palestinians for most of his life - as a physician who treats patients on both sides of the line, as a humanitarian who sees the need for improved health and education for women as the way forward in the Middle East. And, most recently, as the father whose three daughters were killed by Israeli shells on 16 January 2009, during Israel's incursion into the Gaza Strip. It was his response to this tragedy that made news and won him humanitarian awards around the world. Instead of seeking revenge or sinking into hatred, Izzeldin Abuelaish called for the people in the region to start talking to each other. His deepest hope is that his daughters will be 'the last sacrifice on the road to peace between Palestinians and Israelis'.

The Israel-Palestine Conflict James L. Gelvin 2007-10-02 The conflict between Israelis and their forebears, on the one hand, and Palestinians and theirs, on the other, has lasted more than a century and generated more than its share of commentaries and histories. James L. Gelvin's account of that conflict offers a compelling, clear-cut, and up to date introduction for students and general readers. Beginning in the mid-nineteenth century, when the inhabitants of Ottoman Palestine and the Jews of eastern Europe began to conceive of themselves as members of national communities, the book traces the evolution and interaction of these communities from their first encounters in Palestine through to the present, exploring the external pressures and internal logic that has propelled their conflict. The book, which places events in Palestine within the framework of global history, skillfully interweaves biographical sketches, eyewitness accounts, poetry, fiction and official documentation into its narrative, and includes photographs, maps and an abundance of supplementary material. Now in a revised edition, Gelvin's award-winning book takes the reader through the 2006 Summer War and its aftermath.

Whose Promised Land Colin Chapman 2015-07-17 The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost seventy years, and shows no sign of ending. With two peoples claiming the same piece of land for different reasons, it remains a huge political and humanitarian problem. Can it ever be resolved? If so, how? These are the basic questions addressed in a new and substantially revised fifth edition of this highly acclaimed book. Having lived and worked in the Middle East at various times since 1968, Colin Chapman explains the roots of the problem and outlines the arguments of the main parties involved. He also explores the theme of land in the Old and New Testaments, discussing legitimate and illegitimate ways of using the Bible in relation to the conflict. This new and fully updated edition covers developments since 9/11, including the building of the security wall, the increased importance of Hamas and the Islamic dimension of the conflict, and the attacks on Lebanon and Gaza.

From Time Immemorial Joan Peters 1985 This book is a study of the basic reasons for the Arab-Jewish feud and supports the author's thesis that the displacement of hundreds of thousands of Arabs who had lived in what became Israel in 1948 is not the reason for the conflict which has now been going on for years.

The Arabs and Zionism Before World War I Neville J. Mandel 1976

Zionism's Redemptions ArieH Saposnik 2021-11-30 Zionism combined dialogues with Jewish, Christian, and secular messianisms to create a politics based in redemptive visions of its own.

Palestinian Identity Rashid Khalidi 2010 Reprint of work originally published in 1997. New introduction by the author.

The Arab-Israeli Conflict Kirsten E. Schulze 2013-11-14 In this fully revised new edition, Kirsten Schulze brings us to a new understanding of the causes, course and consequences of the Arab-Israeli Conflict. Schulze analyses the dynamics of the violence and explores the numerous attempts at resolving the conflict. She assesses why, in the cases of Israel-Egypt in 1978 and Israel-Jordan in 1994, negotiations succeeded in bringing about a lasting peace and why, in the cases of Israel, and the Palestinians, Syria and Lebanon, they failed to do so. Written in a clear and accessible style, this fully updated second edition: · Traces the origins of the conflict from their first intellectual roots in the 19th century. · Examines the actions and aims of the competing nationalist movements during the period of the British Mandate which led to the creation of the state of Israel. · Outlines and analyses each of the Arab-Israeli conflicts from the creation of the state of Israel in 1948 to the 2006 Lebanon war and the on-going, second Palestinian uprising With a diverse collection of documents and a Chronology, Glossary, Guide to Further Reading, and a Who's Who summarizing the careers and contributions of the main figures, this book is absolutely vital to understanding the current Israeli-Palestinian violence, the intra-Palestinian rift between Hamas and Fatah, and why the Arab-Israeli conflict has become the centre of Muslim politics, both violent and non-violent, across the world.

Ordinary Jerusalem, 1840-1940 Angelos Dalachanis 2018-08-30 In *Ordinary Jerusalem, 1840-1940*, Angelos Dalachanis, Vincent Lemire and thirty-five scholars, mostly young academics, utilize new archives to revisit the global, extraordinary city of Jerusalem in the late Ottoman and Mandate periods.

Defining Neighbors Jonathan Marc Gribetz 2016-10-11 How religion and race—not nationalism—shaped early encounters between Zionists and Arabs in Palestine As the Israeli-Palestinian conflict persists, aspiring peacemakers continue to search for the precise territorial dividing line that will satisfy both Israeli and Palestinian nationalist demands. The prevailing view assumes that this struggle is nothing more than a dispute over real estate. *Defining Neighbors* boldly challenges this view, shedding new light on how Zionists and Arabs understood each other in the earliest years of Zionist settlement in Palestine and suggesting that the current singular focus on boundaries misses key elements of the conflict. Drawing on archival documents as well as newspapers and other print media from the final decades of Ottoman rule, Jonathan Gribetz argues that Zionists and Arabs in pre-World War I Palestine and the broader Middle East did not think of one another or interpret each other's actions primarily in terms of territory or nationalism. Rather, they tended to view their neighbors in

religious terms—as Jews, Christians, or Muslims—or as members of "scientifically" defined races—Jewish, Arab, Semitic, or otherwise. Gribetz shows how these communities perceived one another, not as strangers vying for possession of a land that each regarded as exclusively their own, but rather as deeply familiar, if at times mythologized or distorted, others. Overturning conventional wisdom about the origins of the Israeli-Palestinian conflict, Gribetz demonstrates how the seemingly intractable nationalist contest in Israel and Palestine was, at its start, conceived of in very different terms. Courageous and deeply compelling, *Defining Neighbors* is a landmark book that fundamentally recasts our understanding of the modern Jewish-Arab encounter and of the Middle East conflict today.

Lion of Jordan Avi Shlaim 2008-11-27 For most of his long reign (1953-1999) Hussein of Jordan was one of the dominant figures in Middle Eastern politics, its most continuous presence, and one of the most consistent proponents of peace with Israel. This is the first major account of his life and reign, written with access to many of his surviving papers, with the co-operation (but not approval) of his family and staff, and extensive interviews with policy-makers of many different nationalities.

Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56 Neil Caplan 2021-03-04 These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical-historical chapters and a selection of primary documents from archival sources, providing an essential reference source for the student of the Arab-Israeli conflict and its long history.

City of Oranges: An Intimate History of Arabs and Jews in Jaffa Adam LeBor 2011-08-29 A profoundly human take on the Israeli-Palestinian conflict, seen through the eyes of six families, three Arab and three Jewish. The millennia-old port of Jaffa, now part of Tel Aviv, was once known as the "Bride of Palestine," one of the truly cosmopolitan cities of the Mediterranean. There Muslims, Jews, and Christians lived, worked, and celebrated together—and it was commonplace for the Arabs of Jaffa to attend a wedding at the house of the Jewish Chelouche family or for Jews and Arabs to both gather at the Jewish spice shop Tiv and the Arab Khamis Abulafia's twenty-four-hour bakery. Through intimate personal interviews and generations-old memoirs, letters, and diaries, Adam LeBor gives us a crucial look at the human lives behind the headlines—and a vivid narrative of cataclysmic change.

Reclaiming Israel's History David Brog 2017-03-20 The Real History of Israel and the Palestinians No history is so disputed as the history of Israel. Some see Israel's creation as a dramatic act of justice for the Jewish people. Others insist that it was a crime against Palestine's Arabs. Author David Brog untangles the facts from the myths to reveal the truth about the Arab-Israeli conflict. In Reclaiming Israel's History you'll learn how the Jewish people have maintained a continual presence in the Land of Israel for over 3,000 years—despite centuries of Roman, Byzantine, and Muslim persecution; how the Romans invented the word "Palestine" as a way to sever the connection between the Jewish people and their land (and how subsequent conquerors doubled down on this strategy); how modern Jewish immigration to Palestine did not displace Arabs but instead sparked an Arab population boom; and the largely untold story of how the leader of Palestine's Arabs collaborated with the Nazis to murder Jews in Europe before they could reach their ancestral homeland. You'll also learn why most of Palestine's Arabs never identified themselves as "Palestinians" until after the 1967 War; the extraordinary lengths to which Israel's military goes to protect Palestinian civilians (and the high price Israel's soldiers pay for this morality), and how the Palestinians have on separate occasions rejected Israel's offers of a Palestinian state in virtually all of the West Bank and Gaza. Brog frankly admits to Israel's "sins both large and small," but notes that in any fair-minded analysis these have been far out-weighed by Israel's commitment to Western values, including freedom, democracy, and human rights. Honest, provocative, and timely, especially given rising anti-Semitism and the aggressive delegitimization of Israel, David Brog's Reclaiming Israel's History is the book for every reader who wants to understand what is really happening in the Middle East.

The Palestinian People Baruch Kimmerling 2009-07-01 In a timely reminder of how the past informs the present, Baruch Kimmerling and Joel Migdal offer an authoritative account of the history of the Palestinian people from their modern origins to the Oslo peace process and beyond. Palestinians struggled to create themselves as a people from the first revolt of the Arabs in Palestine in 1834 through the British Mandate to the impact of Zionism and the founding of Israel. Their relationship with the Jewish people and the State of Israel has been fundamental in shaping that identity, and today Palestinians find themselves again at a critical juncture. In the 1990s cornerstones for peace were laid for eventual Palestinian-Israeli coexistence, including mutual acceptance, the renunciation of violence as a permanent strategy, and the establishment for the first time of Palestinian self-government. But the dawn of the twenty-first century saw a reversion to unmitigated hatred and mutual demonization. By mid-2002 the brutal violence of the Intifada had crippled Palestine's fledgling political institutions and threatened the fragile social cohesion painstakingly constructed after 1967. Kimmerling and Migdal unravel what went right--and what went wrong--in the Oslo peace process, and what lessons we can draw about the forces that help to shape a people. The authors present a balanced, insightful, and sobering look at the realities of creating peace in the Middle East.

The Israel-Palestine Conflict Neil Caplan 2019-09-11 One of the "10 Must-Read Histories of the Palestine-Israel Conflict" —Ian Black, Literary Hub, on the 100th anniversary of the Balfour Declaration The new edition of the acclaimed text that explores the issues continuing to define the Israeli-Palestinian conflict Numerous instances of competing, sometimes incompatible narratives of controversial events are found throughout history. Perhaps the starkest example of such contradictory representations is the decades-long conflict between Israel and Palestine. For over 140 years, Israelis, Palestinians, and scores of peacemakers have failed to establish a sustainable, mutually-acceptable solution. The Israel-Palestine Conflict introduces the historical basis of the dispute and explores both the tangible issues and intangible factors that have blocked a peaceful resolution. Author Neil Caplan helps readers understand the complexities and contradictions of the conflict and why the histories of Palestine and Israel are so fiercely contested. Now in its second edition, this book has been thoroughly updated to reflect the events that have transpired since its original publication. Fresh insights consider the impact of current global and regional instability and violence on the prospects of peace and reconciliation. New discussions address recent debates over two-state versus one-state solutions, growing polarization in public discourse outside of the Middle East, the role of public intellectuals, and the growing trend of merging scholarship with advocacy. Part of the Wiley-Blackwell Contested Histories series, this clear and accessible volume: Offers a balanced, non-polemic approach to current academic discussions and political debates on the Israel-Palestine conflict Highlights eleven core arguments viewed by the author as unwinnable Encourages readers to go beyond simply assigning blame in the conflict Explores the major historiographical debates arising from the dispute Includes updated references and additional maps Already a standard text for courses on the history and politics of the Middle East, The Israel-Palestine Conflict is an indispensable resource for students, scholars, and interested general readers.

Arab-Jewish Literature Reuven Snir 2019-01-14 Arab-Jewish Literature: The Birth and Demise of the Arabic Short Story offers an account of the development of

the art of the Arabic short story among the Arabized Jews during the twentieth century. An anthology of sixteen translated stories are included as an appendix to the book.

The Jewish Enlightenment Shmuel Feiner 2011-01-01 At the beginning of the eighteenth century most European Jews lived in restricted settlements and urban ghettos, isolated from the surrounding dominant Christian cultures not only by law but also by language, custom, and dress. By the end of the century urban, upwardly mobile Jews had shaved their beards and abandoned Yiddish in favor of the languages of the countries in which they lived. They began to participate in secular culture and they embraced rationalism and non-Jewish education as supplements to traditional Talmudic studies. The full participation of Jews in modern Europe and America would be unthinkable without the intellectual and social revolution that was the Haskalah, or Jewish Enlightenment. Unparalleled in scale and comprehensiveness, The Jewish Enlightenment reconstructs the intellectual and social revolution of the Haskalah as it gradually gathered momentum throughout the eighteenth century. Relying on a huge range of previously unexplored sources, Shmuel Feiner fully views the Haskalah as the Jewish version of the European Enlightenment and, as such, a movement that cannot be isolated from broader eighteenth-century European traditions. Critically, he views the Haskalah as a truly European phenomenon and not one simply centered in Germany. He also shows how the republic of letters in European Jewry provided an avenue of secularization for Jewish society and culture, sowing the seeds of Jewish liberalism and modern ideology and sparking the Orthodox counterreaction that culminated in a clash of cultures within the Jewish community. The Haskalah's confrontations with its opponents within Jewry constitute one of the most fascinating chapters in the history of the dramatic and traumatic encounter between the Jews and modernity. The Haskalah is one of the central topics in modern Jewish historiography. With its scope, erudition, and new analysis, The Jewish Enlightenment now provides the most comprehensive treatment of this major cultural movement.

Myths and Facts Mitchell Geoffrey Bard 2012 "Myths & Facts" offers documented historical facts about all aspects of the Arab-Israeli conflict and has been updated for 2012 to include the latest information about Israel's security situation, the wars with Hezbollah and Hamas and the continued delegitimization of Israel on university campuses

The Palestine Nakba Nur Masalha 2012-08-09 2012 marks the 63rd anniversary of the Nakba - the most traumatic catastrophe that ever befell Palestinians. This book explores new ways of remembering and commemorating the Nakba. In the context of Palestinian oral history, it explores 'social history from below', subaltern narratives of memory and the formation of collective identity. Masalha argues that to write more truthfully about the Nakba is not just to practise a professional historiography but an ethical imperative. The struggles of ordinary refugees to recover and publicly assert the truth about the Nakba is a vital way of protecting their rights and keeping the hope for peace with justice alive. This book is essential for understanding the place of the Palestine Nakba at the heart of the Israel-Palestine conflict and the vital role of memory in narratives of truth and reconciliation.

The Ethnic Cleansing of Palestine Ilan Pappé 2007-09-01 The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappé's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only have been called "ethnic cleansing". Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East.

Thirteen Days in September Lawrence Wright 2014-11-06 A FINANCIAL TIMES BEST BOOK OF 2014 PICK A TOP TEN BEST BOOKS OF THE YEAR PICK BY PUBLISHERS WEEKLY A gripping account of the 1978 Camp David summit when President Jimmy Carter persuaded Israeli prime minister Menachem Begin and Egyptian president Anwar Sadat to sign the first peace treaty in the modern Middle East, one which endures to this day. With his hallmark insight into the forces at play in the Middle East, Pulitzer Prize-winning journalist Lawrence Wright takes us through each of these historic thirteen days, illuminating the issues that have made the problems of the region so intractable and exploring the scriptural narratives that continue to frame the conflict. What emerges is a riveting view of the making of this unexpected and unprecedented peace treaty.

Land, Labor and the Origins of the Israeli-Palestinian Conflict, 1882-1914 Gershon Shafir 1996-08-19 Gershon Shafir challenges the heroic myths about the foundation of the State of Israel by investigating the struggle to control land and labor during the early Zionist enterprise. He argues that it was not the imported Zionist ideas that were responsible for the character of the Israeli state, but the particular conditions of the local conflict between the European "settlers" and the Palestinian Arab population.

The Jewish State Theodor Herzl 1934

A History of Modern Israel Colin Shindler 2013-03-25 Colin Shindler's remarkable history begins in 1948, as waves of immigrants arrived in Israel from war-torn Europe to establish new cities, new institutions, and a new culture founded on the Hebrew language. Optimistic beginnings were soon replaced with the sobering reality of wars with Arab neighbours, internal ideological differences, and ongoing confrontation with the Palestinians. In this updated edition, Shindler covers the significant developments of the last decade, including the rise of the Israeli far right, Hamas's takeover and the political rivalry between Gaza and the West Bank, Israel's uneasy dealings with the new administration in the United States, political Islam and the potential impact of the Arab Spring on the region as a whole. This sympathetic yet candid portrayal asks how a nation that emerged out of the ashes of the Holocaust and was the admiration of the world is now perceived by many Western governments in a less than benevolent light.

A History of Palestine Gudrun Krämer 2011-02-22 It is impossible to understand Palestine today without a careful reading of its distant and recent past. But until now there has been no single volume in English that tells the history of the events—from the Ottoman Empire to the mid-twentieth century—that shaped modern Palestine. The first book of its kind, A History of Palestine offers a richly detailed interpretation of this critical region's evolution. Starting with the prebiblical and biblical roots of Palestine, noted historian Gudrun Krämer examines the meanings ascribed to the land in the Jewish, Christian, and Muslim traditions. Paying special attention to social and economic factors, she examines the gradual transformation of Palestine, following the history of the region through the Egyptian occupation of the mid-nineteenth century, the Ottoman reform era, and the British Mandate up to the founding of Israel in 1948. Focusing on the interactions of Arabs and Jews, A History of Palestine tells how these connections affected the cultural and political evolution of each community and Palestine as a whole.

The View from Nebo Amy Dockser Marcus 2000 Examines new evidence about the Biblical world to challenge existing notions about the Bible and its texts.

The Crusaders in the Holy Land Meron Benvenisti 1972
