

Respect Yourself Stax Records And The Soul Explosion Robert Gordon

Thank you for reading **Respect Yourself Stax Records And The Soul Explosion Robert Gordon**. Maybe you have knowledge that, people have look hundreds times for their favorite readings like this Respect Yourself Stax Records And The Soul Explosion Robert Gordon, but end up in malicious downloads.

Rather than reading a good book with a cup of tea in the afternoon, instead they juggled with some infectious bugs inside their computer.

Respect Yourself Stax Records And The Soul Explosion Robert Gordon is available in our digital library an online access to it is set as public so you can get it instantly.

Our digital library saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Kindly say, the Respect Yourself Stax Records And The Soul Explosion Robert Gordon is universally compatible with any devices to read

Respect Yourself Robert Gordon 2015-02-03 Traces the rise and fall of the original Stax Records, touching upon the racial politics in Memphis in the 1960s, the personal histories of the sibling founders, and the prominent musicians they featured.

Record Makers and Breakers John Broven 2011-08-11 This volume is an engaging and exceptional history of the independent rock 'n' roll record industry from its raw regional beginnings in the 1940s with R & B and hillbilly music through its peak in the 1950s and decline in the 1960s. John Broven combines narrative history with extensive oral history material from numerous recording pioneers including Joe Bihari of Modern Records; Marshall Chess of Chess Records; Jerry Wexler, Ahmet Ertegun, and Miriam Bienstock of Atlantic Records; Sam Phillips of Sun Records; Art Rupe of Specialty Records; and many more.

Bitten by the Blues Bruce Iglauer 2018-10-19 It started with the searing sound of a slide careening up the neck of an electric guitar. In 1970, twenty-three-year-old Bruce Iglauer walked into Florence's Lounge, in the

heart of Chicago's South Side, and was overwhelmed by the joyous, raw Chicago blues of Hound Dog Taylor and the HouseRockers. A year later, Iglauer produced Hound Dog's debut album in eight hours and pressed a thousand copies, the most he could afford. From that one album grew Alligator Records, the largest independent blues record label in the world. *Bitten by the Blues* is Iglauer's memoir of a life immersed in the blues—and the business of the blues. No one person was present at the creation of more great contemporary blues music than Iglauer: he produced albums by Koko Taylor, Albert Collins, Professor Longhair, Johnny Winter, Lonnie Mack, Son Seals, Roy Buchanan, Shemekia Copeland, and many other major figures. In this book, Iglauer takes us behind the scenes, offering unforgettable stories of those charismatic musicians and classic sessions, delivering an intimate and unvarnished look at what it's like to work with the greats of the blues. It's a vivid portrait of some of the extraordinary musicians and larger-than-life personalities who brought America's music to life in the clubs of Chicago's South and West Sides. *Bitten by the Blues* is also an expansive history of

half a century of blues in Chicago and around the world, tracing the blues recording business through massive transitions, as a genre of music originally created by and for black southerners adapted to an influx of white fans and musicians and found a worldwide audience. Most of the smoky bars and packed clubs that fostered the Chicago blues scene have long since disappeared. But their soul lives on, and so does their sound. As real and audacious as the music that shaped it, *Bitten by the Blues* is a raucous journey through the world of Genuine Houserockin' Music.

Soulsville, U.S.A.: The Story of Stax Records Rob Bowman 2011-08-01

Walk the halls of the famous studio that produced hits for Otis Redding, Isaac Hayes, Sam and Dave, and Booker T. and the MGs. *Soulsville, U.S.A.* provides the first history of the groundbreaking label along with compelling biographies of the promoters, producers, and performers who made and sold the music. Over 45 photos. Winner of the 1998 ASCAP-Deems Taylor Award Winner of the ARSC Award for Best Research in Record Labels

Ministry Al Jourgensen 2015-09-08 *Ministry* is a memoir both ugly and captivating, revealing Al Jourgensen as a man who lived a hard life his own way without making compromises. He survived prolonged drug addiction -- twenty-two years of chronic heroin, cocaine, and alcohol abuse, to be more precise -- before cleaning up, straightening out, and finding new reasons to live. During his career, Jourgensen has engaged in all of the rock 'n' roll clichés regarding decadence and debauchery and invented new forms of previously unachieved nihilism. Despite this and his addictions, he created seven seminal albums, including the bonafide, hugely influential classic *The Land of Rape and Honey*, 1989's *The Mind is a Terrible Thing to Taste*, and 1992's blockbuster *Psalm 69: The Way to Succeed*. *Ministry* imparts the epic life of Al Jourgensen, a survivor who tempted fate, beat the odds, persevered, and put the pieces back together after unraveling completely.

I'll Take You There Greg Kot 2014-01-21 "A biography that will send readers back to the music of Mavis and the Staple Singers with deepened appreciation and a renewed spirit of discovery" (Kirkus Reviews, starred review)—from the acclaimed music journalist and author featured

prominently in the new HBO documentary *Mavis!* This is the untold story of living legend Mavis Staples—lead singer of the Staple Singers and a major figure in the music that shaped the civil rights era. One of the most enduring artists of popular music, Mavis and her talented family fused gospel, soul, folk, and rock to transcend racism and oppression through song. Honing her prodigious talent on the Southern gospel circuit of the 1950s, Mavis and the Staple Singers went on to sell more than 30 million records, with message-oriented soul music that became a soundtrack to the civil rights movement—inspiring Martin Luther King, Jr. himself. Critically acclaimed biographer and Chicago Tribune music critic Greg Kot cuts to the heart of Mavis Staples's music, revealing the intimate stories of her sixty-year career. From her love affair with Bob Dylan, to her creative collaborations with Prince, to her recent revival alongside Wilco's Jeff Tweedy, this definitive account shows Mavis as you've never seen her before. *I'll Take You There* was written with the complete cooperation of Mavis and her family. Readers will also hear from Prince, Bonnie Raitt, David Byrne, and many others whose lives have been influenced by Mavis's talent. Filled with never-before-told stories, this fascinating biography illuminates a legendary singer and group during a historic period of change in America. "Ultimately, Kot depicts the endurance of Mavis Staples and her family's music as an inspiration, a saga that takes us, like the song that inspired this book's name, to a place where ain't nobody crying" (The Washington Post).

Memphis Rent Party Robert Gordon 2018-03-06 "Blues, being the wellspring of all American music for over a century, is always worth studying. Robert does it right." --Keith Richards "An emotional map of musical Memphis. If you don't know these characters, let Robert Gordon introduce you." --Elvis Costello "Robert Gordon's book is proof that Southern heritage is American heritage, and all sorts of people--black and white, familiar and strange, dead and alive--are what it is." --Greil Marcus Profiles and stories of Southern music from the acclaimed author of *Respect Yourself: Stax Records and the Soul Explosion*. The fabled city of Memphis has been essential to American music--home of the blues, the birthplace of rock and roll, a soul music capital. We know the greatest

hits, but celebrated author Robert Gordon takes us to the people and places history has yet to record. A Memphis native, he whiles away time in a crumbling duplex with blues legend Furry Lewis, stays up late with barrelhouse piano player Mose Vinson, and sips homemade whiskey at Junior Kimbrough's churning house parties. A passionate listener, he hears modern times deep in the grooves of old records by Lead Belly and Robert Johnson. The interconnected profiles and stories in Memphis Rent Party convey more than a region. Like mint seeping into bourbon, Gordon gets into the wider world. He beholds the beauty of mistakes with producer Jim Dickinson (Replacements, Rolling Stones), charts the stars with Alex Chilton (Box Tops, Big Star), and mulls the tragedy of Jeff Buckley's fatal swim. Gordon's Memphis inspires Cat Power, attracts Townes Van Zandt, and finds James Carr always singing at the dark end of the street. A rent party is when friends come together to hear music, dance, and help a pal through hard times; it's a celebration in the face of looming tragedy, an optimism when the wolf is at the door. Robert Gordon finds mystery in the mundane, inspiration in the bleakness, and revels in the individualism that connects these diverse encounters.

Visual Thinking Strategies for Individuals with Autism Spectrum Disorders

Ellyn Lucas Arwood 2009 Visuals of all kinds (photographs, checklists, line drawings, cartoons, flowcharts, stick figures, etc.) are commonly used as supports for individuals on the autism spectrum who tend to think and learn visually. However, not all visuals are created equal and, therefore, visuals don't all work equally well. This companion to Learning With a Visual Brain in an Auditory World helps the reader understand how to match the developmental levels of pictures and visuals to the developmental level of the person looking at the visual. In this way, appropriate visuals provide the language development for children with autism spectrum disorders. Drawing from their experience with children and youth for decades, the authors also show how effective communication can help reduce the confusion and anxiety that often lead to behavioral outbursts.

Monet Robert Gordon 1989-09 In more than 125 color and 250 duotone reproductions, the art of Monet is freshly examined. Scores of new

images, gathered from private collections, expose the painting problems that Monet confronted throughout his life. Text includes Monet's unpublished documents, personal letters and architectural plans.

Rosencrantz and Guildenstern are Dead, Jumpers, and The Real Thing Robert Gordon 1991

Motown Adam White 2019-01-10 In this first official visual history of the label, new research, a dazzling array of images, and unprecedented access to the archives of the makers and stars of Motown lend new insight to the legend. In addition to extensive specially commissioned photography of treasures extracted from the Motown archives, as well as the personal collections of Barney Ales and Motown stars, Motown: The Sound of Young America draws on interviews with key players from the label's colorful history, including Motown founder Berry Gordy, Barney Ales, Smokey Robinson, Mary Wilson, founding member of the Supremes, and many more.

Sweet Soul Music (Enhanced Edition) Peter Guralnick 2014-11-04 A gripping narrative that captures the tumult and liberating energy of a nation in transition, Sweet Soul Music is an intimate portrait of the legendary performers--Sam Cooke, Ray Charles, James Brown, Solomon Burke, Aretha Franklin, Otis Redding, and Al Green among them--who merged gospel and rhythm and blues to create Southern soul music. Through rare interviews and with unique insight, Peter Guralnick tells the definitive story of the songs that inspired a generation and forever changed the sound of American music. This enhanced edition includes: Exclusive video footage prepared specifically for the enhanced eBook that has never been seen before. Rare audio clips.

Detroit 67 Stuart Cosgrove 2016-10-02 'Cosgrove weaves a compelling web of circumstance that maps a city struggling with the loss of its youth to the Vietnam War, the hard edge of the civil rights movement and ferocious inner-city rioting... a whole-hearted evocation of people and places' - Independent Detroit 67 is the story of Motor City in the year that changed everything. Twelve chapters take you on a turbulent year-long journey through the drama and chaos that ripped through the city in 1967 and tore it apart in personal, political and interracial disputes. It is the

story of Motown, the break-up of The Supremes and the damaging disputes at the heart of the most successful African-American music label ever. Set against a backdrop of urban riots, escalating war in Vietnam and police corruption, the book weaves its way through a year when soul music came of age and the underground counterculture flourished. LSD arrived in the city with hallucinogenic power and local guitar band MC5 - self-styled holy barbarians of rock - went to war with mainstream America. A summer of street-level rebellion turned Detroit into one of the most notorious cities on earth, known for its unique creativity, its unpredictability and self-lacerating crime rates. The year 1967 ended in social meltdown, rancour and intense legal warfare as the complex threads that held Detroit together finally unravelled.

Soul Survivor Jimmy McDonough 2017-08-29 The bestselling author of *Shakey: Neil Young's Biography* presents the first in-depth biography of the legendary soul singer Al Green. Al Green has blessed listeners with some of the biggest hits of the past fifty years. "Love and Happiness," "I'm Still in Love with You," "Let's Get Married," and "I'm Tired of Being Alone" are but a sampling of the iconic songs that led a generation to embrace love in perhaps the most tumultuous period in this country's history, an unparalleled body of work that has many calling Green one of the greatest soul singers of all time. The music legend has sold over 20 million albums and been sampled by numerous rappers, and even President Obama has been known to sing a chorus or two. The now-Bishop Green is without a doubt one of the most beloved yet inscrutable figures ever to grace the popular music stage, and he has managed to magically sidestep being successfully scrutinized in print. Until now. Acclaimed journalist and author Jimmy McDonough expertly tackles this most elusive of subjects and aims to present readers with the definitive portrait of a man everyone knows but few understand. McDonough manages to break through Green's joyous veneer to reveal the contrary, tortured, and solitary individual beneath, a man who spent decades dancing an uneasy tightrope between the sacred and the profane. From his childhood in the backwaters of Arkansas to commanding the stage in front of throngs of lusting fans to addressing a very different audience from the pulpit of his

own church, readers will bear witness to the creation of some of the most electrifying soul music ever recorded; learn the hitherto untold real story behind Green's colorful down-home Memphis label, Hi Records; and--by way of countless in-depth interviews with major players in the story, some speaking for the very first time -- unravel one of the last great mysteries in popular music: Al Green.

The Oxford Handbook of Sondheim Studies Robert Gordon 2014 The Oxford Handbook of Sondheim Studies offers a series of cutting-edge essays on the most important and compelling topics in the growing field of Sondheim Studies. Focusing on broad groups of issues relating to the music and the production of Sondheim works, rather than on biographical questions about the composer himself, the handbook represents a cross-disciplinary introduction to comprehending Sondheim in musicological, theatrical, and socio-cultural terms. This collection of never-before published essays addresses issues of artistic method and musico-dramaturgical form, while at the same time offering close readings of individual shows from a variety of analytical perspectives. The handbook is arranged into six broad sections: issues of intertextuality and authorship; Sondheim's pioneering work in developing the non-linear form of the concept musical; the production history of Sondheim's work; his writing for film and television; his exploitation and deployment of a wide range of musical genres; and how interpretation through key critical lenses (including sociology, history, and feminist and queer theory) establishes his position in a broader cultural context.

It Came From Memphis Robert Gordon 2001-11 Exploring interwoven threads of personality, coincidence, progress, and taste--all essentially unrelated to music--a veteran journalist explains how popular culture and business intersected in Memphis to set the stage for rock and roll well before Elvis arrived. Reprint.

The King on the road Robert Gordon 2005

Set the Night on Fire Mike Davis 2021-04-13 Los Angeles Times Bestseller "Authoritative and impressive." -Los Angeles Times "Monumental."

-Guardian A magisterial, riveting movement history of Los Angeles in the Sixties Los Angeles in the sixties was a hotbed of political and social

upheaval. The city was a launchpad for Black Power—where Malcolm X and Angela Davis first came to prominence and the Watts uprising shook the nation. The city was home to the Chicano Blowouts and Chicano Moratorium, as well as being the birthplace of “Asian American” as a political identity. It was a locus of the antiwar movement, gay liberation movement, and women’s movement, and, of course, the capital of California counterculture. Mike Davis and Jon Wiener provide the first comprehensive movement history of L.A. in the sixties, drawing on extensive archival research and dozens of interviews with principal figures, as well as the authors’ storied personal histories as activists. Following on from Davis’s awardwinning L.A. history, *City of Quartz, Set the Night on Fire* is a historical tour de force, delivered in scintillating and fiercely beautiful prose.

Dreams to Remember: Otis Redding, Stax Records, and the

Transformation of Southern Soul Mark Ribowsky 2015-06-01 “Evokes the fire of Redding. . . . Ribowsky tells the story with nonstop energy, while always probing for the larger social and musical pictures.” —New York Times Book Review When he died in one of rock’s string of tragic plane crashes, Otis Redding was only twenty-six, yet already the avatar of a new kind of soul music. The beating heart of Memphis-based Stax Records, he had risen to fame belting out gospel-flecked blues in stage performances that seemed to ignite not only a room but an entire generation. If Berry Gordy’s black-owned kingdom in Motown showed the way in soul music, Redding made his own way, going where not even his two role models who had preceded him out of Macon, Georgia—Little Richard and James Brown—had gone. Now, in this transformative work, New York Times Notable Book author Mark Ribowsky contextualizes his subject’s short career within the larger cultural and social movements of the era, tracing the crooner’s rise from preacher’s son to a preacher of three-minute soul sermons. And what a quick rise it was. At the tender age of twenty-one, Redding needed only a single unscheduled performance to earn a record deal, his voice so “utterly unique” (Atlantic) that it catapulted him on a path to stardom and turned a Memphis theater-turned-studio into a music mecca. Soon he was playing at sold-out

venues across the world, from Finsbury Park in London to his ultimate conquest, the 1967 Monterey Pop Festival in California, where he finally won over the flower-power crowd. Still, Redding was not always the affable, big-hearted man’s man the PR material painted him to be. Based on numerous new interviews and prodigious research, *Dreams to Remember* reintroduces an incredibly talented yet impulsive man, one who once even risked his career by shooting a man in the leg. But that temperament masked a deep vulnerability that was only exacerbated by an industry that refused him a Grammy until he was in his grave—even as he shaped the other Stax soul men around him, like Wilson Pickett, Sam and Dave, and Booker T. and The MG’s. As a result, this requiem is one of great conquest but also grand tragedy: a soul king of truth, a mortal man with an immortal voice and a pain in his heart. Now he, and the forces that shaped his incomparable sound, are reclaimed, giving us a panoramic of an American original who would come to define an entire era, yet only wanted what all men deserve—a modicum of respect and a place to watch the ships roll in and away again.

Hit Men Fredric Dannen 2011-09-14 Copiously researched and documented, *Hit Men* is the highly controversial portrait of the pop music industry in all its wild, ruthless glory: the insatiable greed and ambition; the enormous egos; the fierce struggles for profits and power; the vendettas, rivalries, shakedowns, and payoffs. Chronicling the evolution of America’s largest music labels from the Tin Pan Alley days to the present day, Fredric Dannen examines in depth the often venal, sometimes illegal dealings among the assorted hustlers and kingpins who rule over this multi-billion-dollar business. Updated with a new last chapter by the author.

The Chitlin’ Circuit Preston Lauterbach 2012 Combining firsthand reporting with historical research, a music journalist provides a musical history of the birth of rock ‘n’ roll in the black juke joints where James Brown and B.B. King got their start. 17,000 first printing.

The Story of Motown Peter Benjaminson 2018-11-13 Re-release of the first book ever published in America about the legendary Motown Record Company, with a new foreword by legendary music journalist Greil

Marcus! In January 1959 Berry Gordy borrowed \$800 from his family and founded the Detroit-based record company that in less than a decade was to become the largest black-owned business in the United States. It also became one of the most productive and influential producers of popular music anywhere in the world, mainly by combining the best features of black and white American popular music. Even a short list of the recording and performing talent that Gordy recruited, trained and produced for his company is awesome: Diana Ross, The Supremes, Stevie Wonder, The Temptations, The Four Tops, Smokey Robinson, Marvin Gaye and Mary Wells. The Story of Motown is the story of Berry Gordy's triumph over powerful, established financial interests, entrenched popular taste, bigotry and racism. By inventing a sound that appealed to whites as well as blacks, and that was immediately identifiable to an entire generation of listeners, Gordy demonstrated his genius as a producer; by breaking the exploitive practice of "cover" records, he helped black artists control their own music and share in the proceeds of hits; and by the sheer force of his will, courage, and intelligence, he demonstrated that a black man from the urban ghetto could aspire to and conquer the heights of traditional American business, including the movie business. Unfortunately, while doing all of this, he also found new ways to exploit his talented artists and eventually lost many of them to companies that paid them more. The Story of Motown is the story of the rise and fall of one of the most important cultural touchstones in American history

Motown Encyclopedia Graham Betts 2014-06-02 Motown means different things to different people. The mere mention of perhaps the most iconic record label in history is often enough to invoke memories and mental images of Marvin Gaye, Diana Ross, Stevie Wonder, The Temptations, The Jackson 5, The Supremes and numerous others. With each group recalled, there is an accompanying piece of music of the mind, from Baby Love, My Girl, Signed Sealed Delivered, I Heard It Through The Grapevine, ABC and Tears Of A Clown and countless more. Quite often, you can ask people what kind of music they like and they will simply answer 'Motown', and both they, and you, know exactly what is meant. Or rather, what is implied. The Motown they are invariably

thinking of is the label that dominated the charts in the mid 1960s with a succession of radio friendly, dance orientated hits, most of which were written and produced by the trio of Brian Holland, Lamont Dozier and Eddie Holland. This period is referred to, naturally enough, as the Golden Era, when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world. The kind of music that had them Dancing In the Street from Los Angeles to London, Miami to Munich and San Francisco to Sydney. It was the kind of music that attracted scores of imitators; some good, some not so good. The kind of music that appealed to the public and presidents alike, and still does. It was that Motown that this book was intended to be about. However, when you start digging deeper into the Motown story, you realise that throughout its life (which, for the purposes of this book, is its formation in 1959 through to its sale in 1988) it was constantly trying other musical genres, looking to grab hits out of jazz, country, pop, rock, middle of the road and whatever else might be happening at the time. Of course it wasn't particularly successful at some of the other genres, although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth, the group, and focus instead on the total sales achieved on Rare Earth, the label. This book, therefore, contains biographies of all 684 artists who had releases on Motown and their various imprints, as well as biographies of 16 musicians, 23 producers, 19 writers and 13 executives. There are also details of the 50 or so labels that Motown owned, licensed to or licensed from. All nine films and the 17 soundtracks are also featured. Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries, with 222 singles, 84 albums and five EPs being featured. Finally, there are 36 other entries, covering such topics as the Hollywood Walk of Fame, the Motortown Revues, Grammy Awards and the most played Motown songs on radio. The 1,178 entries cover every aspect of Motown and more - of the link between Granny in The Beverly Hillbillies and Wonder Woman, of the artists from Abbey Tavern Singers to Zulema, and the hits from ABC to You Really Got A Hold On Me. The Motown Encyclopedia is the story of

Motown Records; Yesterday, Today, Forever.

The Turned-off Child Robert Gordon 2006 Do you have a child, or know of a child, who is failing in school because he or she has "turned off" to the learning process? These children need to have their negative thinking, problems, and behaviors changed in order to rid themselves of anger, depression, and other learning obstacles and to become happy and successful students with a positive outlook. Robert and Myrna Gordon have more than thirty years of experience as classroom teachers, resource specialists, and educational therapists—they know what works! Trust them and The Turned-Off Child to inform you about the ways you can see the troubled child become a winner!

Memphis 68 Stuart Cosgrove 2017-10-05 In the 1950s and 1960s, Memphis, Tennessee, was the launch pad of musical pioneers such as Aretha Franklin, Elvis Presley, Johnny Cash, Al Green and Isaac Hayes, and by 1968 was a city synonymous with soul music. It was a deeply segregated city, ill at ease with the modern world and yet to adjust to the era of civil rights and racial integration. Stax Records offered an escape from the turmoil of the real world for many soul and blues musicians, with much of the music created there becoming the soundtrack to the civil rights movements. The book opens with the death of the city's most famous recording artist, Otis Redding, who died in a plane crash in the final days of 1967, and then follows the fortunes of Redding's label, Stax/Volt Records, as its fortunes fall and rise again. But, as the tense year unfolds, the city dominates world headlines for the worst of reasons: the assassination of civil rights leader Martin Luther King.

In the Midnight Hour Tony Fletcher 2017 Wilson Pickett was arguably the greatest male soul screamer of the 1960s and '70s. With a career spanning half a century, he sold millions of albums and tens of millions of singles, leaving a legacy of unforgettable hits, including "In the Midnight Hour," "Land of 1000 Dances," and "Mustang Sally." A first ballot inductee into the Rock and Roll Hall of Fame, Pickett collaborated with some of the biggest names in '60s and '70s pop, rock, and soul, and his passionate stage performances frequently garnered invasions by frenzied audience members of all colors eager to bask-and dance-in his radiant aura. A

musician of rare instinct with an unmistakable intensity and charisma, the "Wicked" Pickett was for many the living embodiment of soul. In the first biography of this legendary artist, veteran music journalist Tony Fletcher goes far beyond anecdote, weaving the turns of Pickett's extraordinary career into the larger story of black American music in the late 20th Century. As Fletcher shows, from his childhood in the gospel-rich cotton fields of Alabama to his early career in pre-Motown Detroit and long tenure at Atlantic Records, Wilson Pickett always positioned himself at the cutting edge of rhythm 'n' blues and soul. By the time he was thirty, Pickett had five #1 R&B hits, rubbed shoulders with the likes of James Brown, Otis Redding and the Who, and traveled to Ghana with Ike and Tina Turner, Santana and others to headline the first American popular music package to visit the continent. As with so many artists of his generation, the price of superstardom was a career punctuated by violence and drug abuse, with fits of erratic and wild behavior leading to a career slump and two jail terms in the late 1990s before a late career redemption. Drawn from extensive interviews with the singer's close family and friends and regular members of his studio and touring bands, In the Midnight Hour is a narrative portrait of one of the greatest voices of soul and a rare window into the social upheavals that surrounded him, the genre he helped shape along the way, and the pitfalls of the fame that success brought him.

Always the Queen Denise LaSalle 2020 "This is the autobiography of soul and blues singer Denise LaSalle "as told to" the blues scholar David Whiteis. The book documents Ms. LaSalle's move from rural Mississippi to Chicago as a teenager, where she eventually established herself as a successful songwriter and performer in gospel and blues. She also founded several record labels and demonstrated considerable savvy as a businesswoman. In the early 1980s, realizing that her brand of emotionally resonant soul music had lost ground in the marketplace to newer forms - first disco, and then rap/hip-hop - Ms. LaSalle began to write songs and perform in the modern-day blues genre usually referred to as "soul-blues" (a term she takes credit for inventing) or "southern soul." Her songs in this genre conveyed a bold, often provocative

message of womanly assertiveness and pride, including explicitly drawn demands for both sexual and financial satisfaction, that both invoked and modernized the classic blueswoman's stance of power and independence, a trope that links her directly to such legendary blues singers as Bessie Smith, Ma Rainey, and Ida Cox. Armed with this new material but still capable of pleasing long-time fans with renditions of her earlier hits, Ms. LaSalle became one of the dominant figures on the "southern soul"/"soul-blues" circuit, which was actually a newly revitalized incarnation of the old "chitlin' circuit," the network of predominantly African-American performance venues that crisscrossed the south and also extended into some northern and western urban strongholds (tracing, more or less, the geographic pattern of the early/mid-20th Century Great Migration). She remains one of the most beloved figures on that circuit, admired by listeners and fellow artists alike for her legacy and her ongoing dedication to her music and fans. LaSalle's story thus complements the overall story of blues and soul music as the cultural expression of a diasporan people who reinvented themselves to adjust to Northern life while retaining many of the cultural, religious, and social traditions with which they had grown up in the South"--

Knock! Knock! Knock! On Wood Eddie Floyd 2020-09-21 Known for the classics "Knock on Wood," "634-5789," "Raise Your Hand," "Big Bird," and "I've Never Found a Girl (To Love Me Like You Do)," among others, Eddie Floyd's career as a soul legend spans over sixty years. His professional singing career began in Detroit in the 1950s as a founding member of the Falcons, considered "The First Soul Group." A solo artist and songwriter for Memphis's famed Stax Records from 1966 until 1975, Floyd has subsequently been the singer for the Blues Brothers Band and for Bill Wyman's Rhythm Kings, while continuing to perform and record solo. In *Knock! Knock! Knock! On Wood*, Floyd recounts how a three-year stint in an Alabama reform school shaped his young life; recalls the early years of R&B in Detroit alongside future Motown and Stax legends; discusses the songwriting sessions with Steve Cropper and Booker T. Jones that produced his biggest hits; addresses his complicated life-long relationship with the often-unpredictable Wilson Pickett; shares his memories of friend

Otis Redding; reveals his unlikely involvement in the rise of southern rock darlings Lynyrd Skynyrd; and offers an insider perspective on the tragic downfall of Stax Records. With input from Bruce Springsteen, Bill Wyman, Paul Young, William Bell, Steve Cropper, and others, *Knock! Knock! Knock! On Wood* captures Eddie's tireless work ethic and warm personality for an engrossing first-hand account of one of the last true soul survivors.

The Harvard Report Logan H. Westbrook 2017-03-27 After almost 50 years, the release of the complete "Harvard Report: A Study of the Soul Music Environment" prepared for Columbia Records Group, which was a feasibility study and suggested marketing strategy for CRG (CBS Records).

Motown Gerald Posner 2009-04-02 In 1959, twenty-nine-year-old Berry Gordy, who had already given up on his dream to be a champion boxer, borrowed eight hundred dollars from his family and started a record company. A run-down bungalow sandwiched between a funeral home and a beauty shop in a poor Detroit neighborhood served as his headquarters. The building's entrance was adorned with a large sign that improbably boasted "Hitsville U.S.A." The kitchen served as the control room, the garage became the two-track studio, the living room was reserved for bookkeeping, and sales were handled in the dining room. Soon word spread that any youngster with a streak of talent should visit the only record label that Detroit had seen in years. The company's name was Motown. Motown cuts through decades of unsubstantiated rumors and speculation to tell the true behind-the-scenes narrative of America's most exciting musical dynasty. It follows the company and its amazing roster of stars from the tumultuous growth years in Detroit, to the drama and intrigue of Hollywood in the 1970s, to resurgence in 2002. Set against the civil rights movement, the decay of America's northern industrial cities, and the social upheaval of the 1960s, Motown is a tale of the incredible entrepreneurship of Berry Gordy. But it also features the moving stories of kids from Detroit's inner-city projects who achieved remarkable success and then, in many cases, found themselves fighting the demons that so often come with stardom—drugs, jealousy, sexual indulgence, greed, and uncontrollable ambition. Motown features an extraordinary cast of

characters, including Diana Ross, Michael Jackson, Marvin Gaye, Smokey Robinson, and Stevie Wonder. They are presented as they lived and worked: a clan of friends, lovers, competitors, and sometimes vicious foes. Motown reveals how the hopes and dreams of each affected the lives of the others and illustrates why this singular story is a made-in-America Greek tragedy, the rise and fall of a supremely talented yet completely dysfunctional extended family. Based on numerous original interviews and extensive documentation, Motown benefits particularly from the thousands of pages of files crammed into the basement of downtown Detroit's Wayne County Courthouse. Those court records provide the unofficial—and hitherto largely untold—history of Motown and its stars, since almost every relationship between departing singers, songwriters, producers, and the label ended up in litigation. From its peaks in the late 1960s and early 1970s, when Motown controlled the pop charts and its stars were sought after even by the Beatles, through the inexorable slide caused by their failure to handle their stardom, Motown is a riveting and troubling look inside a music label that provided the unofficial soundtrack to an entire generation.

Respect Yourself Robert Gordon 2013-11-12 The story of Stax Records unfolds like a Greek tragedy. A white brother and sister build a record company that becomes a monument to racial harmony in 1960's segregated south Memphis. Their success is startling, and Stax soon defines an international sound. Then, after losses both business and personal, the siblings part, and the brother allies with a visionary African-American partner. Under integrated leadership, Stax explodes as a national player until, Icarus-like, they fall from great heights to a tragic demise. Everything is lost, and the sanctuary that flourished is ripped from the ground. A generation later, Stax is rebuilt brick by brick to once again bring music and opportunity to the people of Memphis. Set in the world of 1960s and '70s soul music, *Respect Yourself* is a story of epic heroes in a shady industry. It's about music and musicians -- Isaac Hayes, Otis Redding, Sam and Dave, Wilson Pickett, the Staple Singers, and Booker T. and the M.G.'s, Stax's interracial house band. It's about a small independent company's struggle to survive in a business world of

burgeoning conglomerates. And always at the center of the story is Memphis, Tennessee, an explosive city struggling through heated, divisive years. Told by one of our leading music chroniclers, *Respect Yourself* brings to life this treasured cultural institution and the city that created it. [Spinning Blues Into Gold](#) Nadine Cohodas 2001-09-28 Sun Records gave us rock and roll, Motown Records gave us pop soul, and Chess Records gave us the blues. Chess was label for Muddy Waters, Howlin' Wolf, Chuck Berry, Etta James, and Bo Diddley--and in this critically acclaimed history we learn the full story of this legendary label. The greatest artists who sang and played the blues made their mark with Leonard and Phil Chess, whose Chicago-based record company was synonymous with the sound that swept up from the South, embraced the Windy City, and spread out like wildfire into mid-century America. *Spinning Blues into Gold* is the impeccably researched story of the men behind the music and the remarkable company they created. Chess Records--and later Checkers, Argo, and Cadet Records--was built by Polish immigrant Jews, brothers who saw the blues as a unique business opportunity. From their first ventures, a liquor store and then a nightclub, they promoted live entertainment. And parlayed that into the first pressings sold out of car trunks on long junkets through the midsection of the country, ultimately expanding their empire to include influential radio stations. The story of the Chess brothers is a very American story of commerce in the service of culture. Long on chutzpah, Leonard and Phil Chess went far beyond their childhoods as the sons of a scrap-metal dealer. They changed what America listened to; the artists they promoted planted the seeds of rock 'n' roll--and are still influencing music today. In this book, Cohodas expertly captures the rich and volatile mix of race, money, and recorded music. She also takes us deep into the world of independent record producers, sometimes abrasive and always aggressive men striving to succeed. Leonard and Phil Chess worked hand-in-glove with disenfranchised black artists, the intermittent charges of exploitation balanced by the reality of a common purpose that eventually brought fame to many if not most of the parties concerned. From beginning to end, as we find in these pages, the lives of the Chess brothers were

socially, financially, and creatively entwined with those of the artists they believed in.

Otis Redding Jonathan Gould 2017-05-16 The long-awaited, definitive biography of The King of Soul, timed to coincide with the 50th anniversary of Redding's iconic performance at the 1967 Monterey Pop Festival. Otis Redding remains an immortal presence in the canon of American music on the strength of such classic hits as "(Sittin' on) The Dock of the Bay," "I've Been Loving You Too Long," "Try a Little Tenderness," and "Respect," a song he wrote and recorded before Aretha Franklin made it her own. As the architect of the distinctly southern, gospel-inflected style of rhythm & blues associated with Stax Records in Memphis, Redding made music that has long served as the gold standard of 1960s soul. Yet an aura of myth and mystery has always surrounded his life, which was tragically cut short at the height of his career by a plane crash in December 1967. In *Otis Redding: An Unfinished Life*, Jonathan Gould finally does justice to Redding's incomparable musical artistry, drawing on exhaustive research, the cooperation of the Redding family, and previously unavailable sources of information to present the first comprehensive portrait of the singer's background, his upbringing, and his professional career. In chronicling the story of Redding's life and music, Gould also presents a social history of the time and place from which they emerged. His book never lets us forget that the boundaries between black and white in popular music were becoming porous during the years when racial tensions were reaching a height throughout the United States. His indelible portrait of Redding and the mass acceptance of soul music in the 1960s is both a revealing look at a brilliant artist and a provocative exploration of the tangled history of race and music in America that resonates strongly with the present day.

Can't Be Satisfied Robert Gordon 2013-04-04 *Can't Be Satisfied* is that rare thing in musical biographies: a book that maps out not just a single, extraordinary life but the cultural forces that shaped it' Sean O'Hagan, *Observer* Muddy Waters was the greatest blues musician ever, and the most influential. He invented electric blues, inspired the Rolling Stones and created the template for the rock 'n' roll band and its wild lifestyle.

Robert Gordon's definitive biography vividly chronicles the extraordinary life and personality of the musical legend who changed the course of modern popular music.

The Elvis Treasures Robert Gordon 2002 This boxed set includes a CD of interviews and other recordings of Elvis's thoughts. Also included are facsimiles of some of his most personal documents, including his high school diploma, his contract with Sun Records, and a hand-written letter sent to his girlfriend.

Time Is Tight Booker T. Jones 2019-10-29 The long-awaited memoir of Booker T. Jones, leader of the famed Stax Records house band, architect of the Memphis soul sound, and one of the most legendary figures in music. From Booker T. Jones's earliest years in segregated Memphis, music was the driving force in his life. While he worked paper routes and played gigs in local nightclubs to pay for lessons and support his family, Jones, on the side, was also recording sessions in what became the famous Stax Studios—all while still in high school. Not long after, he would form the genre-defining group Booker T. and the MGs, whose recordings went on to sell millions of copies, win a place in *Rolling Stone's* list of top 500 songs of all time, and help forge collaborations with some of the era's most influential artists, including Otis Redding, Wilson Pickett, and Sam & Dave. Nearly five decades later, Jones's influence continues to help define the music industry, but only now is he ready to tell his remarkable life story. *Time Is Tight* is the deeply moving account of how Jones balanced the brutality of the segregationist South with the loving support of his family and community, all while transforming a burgeoning studio into a musical mecca. Culminating with a definitive account into the inner workings of the Stax label, as well as a fascinating portrait of working with many of the era's most legendary performers—Bob Dylan, Willie Nelson, and Tom Jones, among them—this extraordinary memoir promises to become a landmark moment in the history of Southern Soul.

More Than Beards, Bellies, and Biceps Robert Gordon 2006-01 Stubble scruffed up their chins. Tobacco wads ballooned their cheeks. The 1993 Philadelphia Phillies had the look of a slow-pitch softball team itching to kick some serious butt. They did kick butt, too, on and off the field. "They

lived the life of professional baseball players as fully as it can be done," manager Jim Fregosi said. Though they weren't a photogenic bunch, their mugs were everywhere, on "Baseball Today," on David Letterman, and on "Saturday Night Live." Even President Clinton quipped about them. The updated softcover edition of Robert Gordon's and Tom Burgoyne's *More than Beards, Bellies and Biceps: The Story of the 1993 Phillies (And the Phillie Phanatic Too)* tells the complete story of this gang of baseball throwbacks that quickly seduced the hometown fans. By season's end they had won over the rest of the country, too. America's Most Wanted Team became America's Team in a heart-thumping World Series against Toronto. The '93 Phils drew more spectators than any other Philadelphia franchise in the city's century-and-a-quarter of professional sports. *More than Beards, Bellies and Biceps* offers the story of a team that burned the candle at both ends and lit up a city like a firecracker.

Respect Yourself Robert Gordon 2013-11-12 Traces the rise and fall of the original Stax Records, touching upon the racial politics in Memphis in the 1960s, the personal histories of the sibling founders, and the prominent musicians they featured.

Harlem 69 Stuart Cosgrove 2018-10-04 In 1969, among Harlem's Rabelaisian cast of characters are bandleader King Curtis, soul singers Aretha Franklin and Donny Hathaway, and drug peddler Jimmy 'Goldfinger' Terrell. In February a raid on tenements across New York leads to the arrest of 21 Black Panther party members and one of the most controversial trials of the era. In the summer Harlem plays host to Black Woodstock and concerts starring Sly and the Family Stone, Stevie

Wonder and Nina Simone. The world's most famous guitarist, Jimi Hendrix, a major supporter of the Black Panthers, returns to Harlem in support of their cause. By the end of the year Harlem is gripped by a heroin pandemic and the death of a 12-year-old child sends shockwaves through the USA, leaving Harlem stigmatised as an area ravaged by crime, gangsters and a darkly vengeful drug problem.

Anatomy of a Song Marc Myers 2016-11-01 "A winning look at the stories behind 45 pop, punk, folk, soul and country classics" in the words of Mick Jagger, Stevie Wonder, Cyndi Lauper and more (The Washington Post). Every great song has a fascinating backstory. And here, writer and music historian Marc Myers brings to life five decades of music through oral histories of forty-five era-defining hits woven from interviews with the artists who created them, including such legendary tunes as the Isley Brothers' *Shout*, Led Zeppelin's *Whole Lotta Love*, Janis Joplin's *Mercedes Benz*, and R.E.M.'s *Losing My Religion*. After receiving his discharge from the army in 1968, John Fogerty did a handstand—and reworked Beethoven's *Fifth Symphony* to come up with *Proud Mary*. Joni Mitchell remembers living in a cave on Crete with the mean old daddy who inspired her 1971 hit *Carey*. Elvis Costello talks about writing (The Angels *Wanna Wear My*) *Red Shoes* in ten minutes on the train to Liverpool. And Mick Jagger, Jimmy Page, Rod Stewart, the Clash, Jimmy Cliff, Roger Waters, Stevie Wonder, Keith Richards, Cyndi Lauper, and many other leading artists reveal the emotions, inspirations, and techniques behind their influential works. *Anatomy of a Song* is a love letter to the songs that have defined generations of listeners and "a rich history of both the music industry and the baby boomer era" (Los Angeles Times Book Review).
